Comments: Re serial no. 10/565,690 - Herewith are proposed revised claim 1 and new claim 21 for consideration as distinguishing over the cited Saunders patent reference. Please call me when you take this up for consideration to discuss any changes or improvements to put the case into condition for allowance (reference numerals are temporarily left in). Commercial success is building (\$690K sales in 2006) so the client is getting anxious about this very important US case. Thank you very much.
